Good Shepherd

Sixteenth Sunday in Ordinary Time

When he disembarked and saw the vast crowd, his heart was moved with pity for them, for they were like sheep without a shepherd; and he began to teach them many things.

MISSION APPEAL--The ministry of Polish Redemptorists in the East

Dear Parishioners,

The Missionary Cooperation Plan helps to spread the gospel, build churches and communities around the world. This year I invite you to support the missionary work of Polish Redemptorists in the East. We have been working in the former Soviet Union for 30 years. At present, we are helping those affected by the war in Ukraine and run five parishes in Russia, one in Kazakhstan, five in Belarus. We need to stand firm for peace working together to bridge the chasm created by war. The Polish Redemptorists with your help will be able to do so in a more efficient way. As a people of faith, we look forward to the future believing that the best is still ahead of us.

I'm sincerely grateful to the **Diocese of Scranton** for choosing the Polish Redemptorists-Mission in Russia to do the Mission Appeal in your Parish. Thank you for your prayers and support. May God bless you for your generous support through the Missionary Cooperation Plan. *Rev. Dariusz Paszynski CSsR,*

A Help Button Should Go Where You Go!

To be truly independent, your personal emergency device needs to work on the go.

MobileHelp® allows you to summon emergency help 24 hours a day, 7 days a week by simply pressing your personal help button. Unlike traditional systems that only work inside your home, a MobileHelp medical alert system extends help beyond the home. Now you can participate in all your favorite activities such as gardening, taking walks, shopping and traveling all with the peace of mind of having a personal alert system with you. MobileHelp, the "on-the-go" help button, is powered by one of the nation's largest cellular networks, so there's virtually no limit to your help button's range.

No landline? No problem! While traditional alert systems require a landline, with the MobileHelp system, a landline is not necessary. Whether you are home or away from home, a simple press of your help button activates your system, providing the central station with your information and location. Our trained emergency operators will know who you are and where you are located. If you're one of the millions of people that have waited for an alert service because it didn't fit your lifestyle, or settled for a traditional system even though it only worked in the home, then we welcome you to try MobileHelp. Experience peace of mind in the home or on the go.
